of the world.

Mission: Impossible

Mission I

The call came like thunder on the Damascus road

a blinding light,

a voice from beyond.

From that day on,

every step was classified Heaven’s secret.

He infiltrated the cities

where temples burned with incense

every street was a battlefield of his soul

he faced Kings and servants

he dodged stones and spears

Mission II

He decoded the language of the poets

preached among marble gods that could never speak.

he sang songs of the lord

after locked in prison for his mighty work

Then at last

He wrote letters to us all

encrypted scrolls of fire

to the outposts of faith

that still burn today.

Every obstacle was awe dropping

Every move was a leap of faith over rooftops
